

Hobart International Airport Application Fees for Planning Approvals

This document outlines the application fees for Hobart International Airport to review and consider development applications or other tenant works applications. Please note that further fees may be charged by the relevant authorities in addition to the below.

Fees vary depending on the type and scale of development.

- Minor Works (MW): Flat fee may apply for very small-scale works.
- Significant Construction (SC) / Staged Applications (ST): Fees are based on total estimated project cost.
- Development Review (DR) initial review for complex projects: Charged at 25% of the applicable fee (minimum may apply).
- Amended Applications (AA): Typically 25% of the original application fee.
